Brussels, 17 April 2014

Dear Participants,

On behalf of FERMA, I would like to congratulate you for having chosen the Polrisk Academy for your education in Risk management. This will greatly contribute, I am sure, to enhance your professional career and give you new opportunities in the future.

Ferma is indeed pleased to support the Polrisk Academy launched by our Polish member Polrisk. We believe that this program will provide you with the basic and advanced knowledge required to properly perform the duties of a professional Risk manager.

Representatives of Polrisk and the Polrisk Academy are already intensively associated with all our education efforts and are actively participating in the elaboration of the highest standards for the risk manager profession in Europe.

We intend to support Polrisk Academy programmes by providing practitioners in the fields of Risk Management and Insurance to produce materials that can be used for some of the Certification modules and as possible, to provide lecturers either remotely through webinars for example, or face to face to deliver them, as you find helpful.

We wish Polrisk Academy and all the persons involved in this project (including the participants) a big success in this fascinating journey to bring the Polish Risk management community to new performance levels. We look forward to working with you on this project which is very convergent with FERMA own objectives.

Kind regards,

Julia Graham
President
FERMA
